

Hello from the New County Coach

Firstly I would like to say how pleased I am to be selected as the new County Coach and how much I look forward to working with the newly formed Essex Bowls Coaching Association, all of whom, like myself, are dedicated to making coaching in Essex not only something of which we can all be proud, but also enjoyable. I also look forward to working with you all to continue to make improvements at all levels of coaching. I am a strong believer that all coaches have qualities and experience we can all benefit from and look forward to us all working together as one team representing high quality coaching throughout Essex.

So, a bit about me. I was born in Reading Berks and after a 23year career in the military I moved into retail management working with several well known national companies. In both my military and retail careers I have been heavily involved in training, instructing, and coaching as well as project management, security and welfare. I have always been keen on sport, so over the years have kept myself active outside of work coaching and gaining a few sports qualifications.

I live in Cranham with my wife Beverley. We are both keen bowlers and active members of our local club, Clockhouse. I am a qualified Coach Bowls Level 2 Coach and EBCS Level 1, working towards levels 2 and 3. I have also completed all of the currently available Coach Bowls modules including Activator, Adult Safe Guarding and Bowling for the Disabled.

As I have already said I am looking forward to working with everyone with the aim of putting coaching in Essex at the forefront of bowls coaching. This can only be done with your support whether you are a qualified Coach Bowls or EBCS coach, someone wanting to move into coaching, or someone wanting to improve their bowling. Together we can build a team that will achieve our aims and have fun. As County Coach I believe my role is to fully support both codes of coaching.

I look forward to meeting as many of you as possible and hearing your ideas etc. Lets all look forward to an exciting 2021.

Thank you for your time.

Trevor Plank
